

HOW ART THOU?

"WITCH DOCTOR"

DEAR ART AFFICIANADOS.

Witch Doctor was created in honor of Halloween. She was created from an assortment of found objects, i.e., twigs, straw, human hair, peacock feathers, carpet scraps, animal skeletons, paper, dried flowers, dried vegetation, copper tape, agates, feathered bird eggs, old jewelry, small metal animals, etc.

You see, I keep a large assortment of junk in my studio and when I get inspired, I pull everything out, (making a huge mess) and start putting stuff together until it starts to form something recognizable. It usually starts with my attraction to an individual object, which starts me assembling/arranging around that object into the final piece. Witch Doctor specializes in curing people with laughter and curiosity. So, let her wipe your troubles away. "Happy Halloween!"
