DEAR ART AFFICIANADOS:

The above paintings are diptychs, a fancy word for a two-piece piece. I love diptychs. Maybe because I m a little dippy myself. Whatever the reason, I concocted the above pieces during a hot period of creativity. First, I did a sketch of the design which would appear on all of them, and then I had a carpenter make the pieces according to my specifications. And, voila, there they were and still are! If you go to my website, www.artbyione.com and look in the abstract gallery you will see many more diptychs". I guess I like to put things together, that s why I m contacting you with this email.

Here s what I ve been up to during this month of February, 2011:
