## DEAR ART AFFICIANADOS:

This is my newest bronze sculpture. It was the easiest sculpture I've ever created. Usually I fight with the clay, the armature, the mold, and the foundry; but this time everything went like a dream. It was like "meant to be". The figures just came out of the clay like they were waiting for my fingers. It created itself.

This is a surreal sculpture featuring roses which have a personality and life of their own. The large rose is the mother holding her dying son in her arms. She doesn't know what to do, so she stands in bewilderment. She feels as long as she keeps him in her arms he will be safe, and so she keeps her vigil; caught forever in bronze.

*"The one human activity that has no motives is learning".*

## ARTIST'S STATEMENT

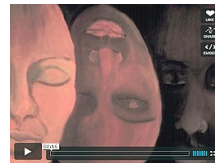

*I create art because I must.  
 It is a necessary extension of my life.  
 It identifies and substantiates my existence.  
 It is my profile and my legacy.  
 I want to intrigue and entertain.  
 I want to initiate wonder and questions.  
 I want to communicate my thoughts, dreams and desires.  
 Most of all, I want to be. - lone Citrin*
