DEAR ART AFFICIANADOS.

In honor of Halloween I proudly present "Medicine Chest", which is a scary mixed media piece I put together with some unused/discarded needles/tubes/miscellaneous medical paraphernalia and an old animal skull I found in my studio waiting desperately to be used.

This is a perfect "boo" from me to you on Halloween.

Once you've recovered from being "scared to death", here are some artful endeavors I've been involved in during this wonderful month of October, 2011.

ARTIST'S STATEMENT

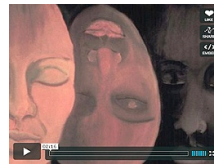

*I create art because I must.
 It is a necessary extension of my life.
 It identifies and substantiates my existence.
 It is my profile and my legacy.
 I want to intrigue and entertain.
 I want to initiate wonder and questions.
 I want to communicate my thoughts, dreams and desires.
 Most of all, I want to be. - lone Citrin*
