

"HOW ART THOU?"

DEAR ART AFFICIANADOS:

" Pink Lady"

Pastel
24"H x 22"W

I love to work with pastels. Actually I love to work with all mediums, but I do have a special feeling for using pastels to make an image come to life. To me, using pastels is like the best of drawing. I can draw and blend soft chalk to create my ideas. I can use my fingers as a blending tool to soften my visual thoughts. Anything I can use my hands on, I enjoy. I love to sculpt in clay for this very reason. The other mediums, oil, watercolor, and acrylic are wonderfully stimulating too, however, I must use a brush to create my thoughts with these instruments. Clay as well and pastel and other drawing materials are direct, brain/eye/hand contact. Creating life without the aid of a sperm donor. So, here is "Pink Lady". A grown up gal who is flirting with you. "Would you like to play with my mice?", she asks?

*I create art because I must.
It is a necessary extension of my life.
It identifies and substantiates my existence.
It is my profile and my legacy.
I want to intrigue and entertain.
I want to initiate wonder and questions.*

*I want to communicate my thoughts, dreams and desires.
Most of all, I want to be. - lone Citrin*
